

Bigger, Bolder, and Thicker: TENGA Unveils the SPINNER DX

The SPINNER DX offers three unique sensations to suit your
pleasure

- The SPINNER DX is 40% thicker than the original SPINNER Series
- The latest pleasure item from TENGA comes with a roomier body, ensuring a comfortable fit and enhanced sensations
- The user experiences a dynamic spinning sensation with an easy up and down motion

Tokyo, 2024 – The SPINNER DX (Deluxe) is the latest pleasure item from TENGA, the leading Japanese pleasure brand, and the latest evolution of the acclaimed SPINNER Series. 40% thicker than the original SPINNER Series and with internal spiral details that expand and contract with every stroke, the SPINNER DX provides an intense and dynamic spinning sensation with an easy up and down motion!

TENGA has enhanced the size of the SPINNER DX, added 40% more elastomer, and ensures a more comfortable fit, providing bolder and more intense sensations. The SPINNER DX has kept the revolutionary internal coil mechanism of the original TENGA SPINNER Series, creating a spiral motion when in use.

The SPINNER DX offers three deluxe sensations to suit each individual's needs.

DROPS: With rolling orbs that bounce in sync with your strokes for rhythmic stimulation

BUMPS: Featuring thick, smooth domes that gently squeeze while delivering a firm touch

STEPS: Designed with spiral staircase-like edges for intense, dynamic sensations

Rika Adachi, Global Marketing Manager for TENGA, says: "The SPINNER DX represents our commitment to continuous innovation in sexual wellness. With a thicker design and enhanced internal details, this new model offers a premium experience while staying true to what made the SPINNER Series a fan favorite. Whether you're new to TENGA or a longtime fan, the SPINNER DX brings an elevated level of pleasure that we are excited to introduce to the world."

Key Features:

- **Enhanced Size & Stimulation:** 40% thicker than the original SPINNER, with larger internal details for more dynamic sensations.

TENGA has long had the vision of "Creating happiness by enriching the sexual lives of people around the world." From 2007, TENGA has expanded its business globally, beginning with neighboring Asian countries and then expanding to the United States and Europe, offering more than 200 products and satisfying the various needs of our customers.

The company sells its products in 73 countries around the world, together with iroha, a brand specializing in women's self-care and pleasure products, and TENGA Healthcare (THC), a brand with the aim of creating a society free of sexual concerns and issues.

In 2023, TENGA achieved a significant milestone by surpassing 10 billion yen in worldwide sales in a single year. In 2022, the company opened able! FACTORY, an employment support facility actively involved in aiding individuals with disabilities, so they may focus on the joy of making. As part of its diverse business activities, TENGA adopted the purpose of

realizing a world where life is enriched with pleasure, continuing to operate as a company that supports all aspects of life, for the happiness of everyone around the world.
